

**LES CROUPIERS** for premier gaming in Cardiff

## Electronic Roulette

If you like the simplicity of Roulette, but would prefer the comfort and privacy of playing from your own screen, then our electronic Rapid Roulette® is for you.

Thanks to advanced technology you can place your bets and collect your winnings easily at the touch of a finger.

### How To Play

The betting system and stakes are the same as for our standard table Roulette.

You simply use the touch screen to select the numbers or combinations that you'd like to bet on - pressing clear or cancel if you want to change your bet - then wait and see if your numbers come up. If they do, you'll see your winnings credited on the screen.

Now you can either play on, or collect your winnings: what could be easier than that?

**Gaming from 2pm seven days a week**
